The Company...

Marina Mineral Water Co, L.L.C, was established in the year, 2008. With its latest state-of-the-art technology, powerful management and teamwork, Marina Mineral Water is persistently working to provide 100% satisfaction to its customers with excellent service and outstanding quality.

Mission...

- To make customer our highest priority.
- Your satisfaction is our goal and your needs are our concern.

Vision...

- To maintain the highest standards and quality and to make Marina your most trusted brand in the industry.
Management Policy
We have defined our quality objectives as follows:

- To provide safe and pure drinking water to all our customers.
- To provide our customers with a product of international standards at an affordable cost.
- To follow hygiene practices at every step of our product manufacture process.
- To continue to explore and provide quality to meet customer’s needs.
- To us the customer is certainly the most important priority and it is our goal to meet their utmost satisfaction.

Manufacturing
- Marina mineral water is processed, purified and bottled all under one roof.
- Marina mineral water is packed in 5 gallon bottles, using modern and fully automated machineries.
- Before filling each bottle is closely inspected and cleaned manually. The bottles are also automatically washed and sanitized using food grade sanitizers to ensure highest safety.
- We employ advanced methods of multi-stage filtration and Reverse Osmosis for obtaining superior quality drinking water.
- The WHO standards for Total Hardness, TDS and other essential minerals are maintained by dosing with FDA approved chemicals. The water is then treated with U.V. radiations and ozone to ensure microbiological safety.

Quality Control
- Marina Mineral Water Co. L.L.C. has a well established Laboratory for consistent monitoring of water quality and follows strict guidelines laid by The General Health Department, UAE.
- The processing plant is always under persistent inspection for hygiene and sanitation and follows HACCP system.
- The water samples are regularly tested by the Food & Health control section of the Municipality & Planning Dept for their approval and also by other accredited laboratories.
Employees

- All employees of Marina Mineral Water undergo regular training courses for Food hygiene and safety conducted by TUV-Nord Middle east which is a subsidiary of TUV-NORD group Germany.
- The health fitness of all the employees are ensured by the Health Department and are vaccinated against infectious diseases.

Customer Services

- Marina Mineral Water Co offers free delivery at the customer’s doorstep.
- Marina has a committed team pledged to provide prompt service to the customer.
- The vehicles are regularly inspected for hygiene and are approved by the government authorities.
- In Marina the Customer comes first and it is our pleasure to provide you the best possible service.

Certifications & Approvals

- The company is awarded the HACCP certificate which is a symbol of food safety.
- The Emirates Authority For Standardization & Metrology (ESMA) has awarded Marina Mineral Water Co LLC with Emirates Quality Mark (EQM) which is a certificate of compliance with the requirements of scheduled standards and rules.
Why Choose Marina?

- Marina is a HACCP & ESMA certified company.
- Marina water is processed in an environment where hygiene and high quality is strictly monitored.
- Marina water follows the strict guidelines laid by the Health Department of UAE.
- Marina assures you of the highest standard and customer service that you can rely on.
- Marina offers you the best quality for the best price.

Pure and fresh till the last drop!

- For better health, drink at least 8 glasses of clean water a day!
